I acknowledge that I have received the New Vehicle Warranty. My Selling Dealer has explained the following items to me:

1. The New Vehicle Warranty
2. Warranty and Maintenance Instructions for Emission Control System
3. Selling Dealer's Adjustments
4. Periodic Maintenance
5. Owner Maintenance Responsibilities

I have inspected the vehicle as delivered to me and it appears to be in satisfactory condition.

ORIGINAL RETAIL OWNER'S SIGNATURE

YOUR DATSUN WARRANTY CARD IS AN IMPORTANT PART OF THE FINE VEHICLE YOU NOW OWN.

For Convenience Please Keep the Card in the Envelope Below

We are very pleased that you have purchased a new Datsun. The vehicle was built by one of the world's leading automobile manufacturers and your warranty is backed by an extensive parts and service network that covers the entire United States and Canada.

This warranty card is important to you and should be kept in a safe place in your vehicle. It is positive identification of your vehicle and contains all information needed by your dealer in preparing service instructions and warranty claims. **PLEASE HAVE THE CARD WITH YOU WHEN WARRANTY WORK IS NEEDED.**

Every authorized Datsun dealer will honor your warranty card and will give you the best possible service.

The warranty Booklet and Owner's Manual included in your Datsun are most important to you. Please read both thoroughly and be sure to ask your dealer if there is anything you do not understand.

We thank you for buying Datsun and wish you well for long and trouble-free enjoyment of your vehicle.

NISSAN WARRANTY AND SERVICE BOOKLET A valuable document

Your *DATSUN* is manufactured from the finest materials with all the latest automobile engineering techniques and the most advanced methods of quality control.

This warranty and service booklet provides you with guides to follow in obtaining service for the new *DATSUN* you have just purchased and identifies you as the owner of the *DATSUN* described herein. It will serve to obtain service for your *DATSUN* from any authorized *DATSUN* Dealer. You should, therefore, keep this booklet in an accessible place such as the glove compartment of your car with the Owner's Manual at all

times.

This booklet contains the Nissan New Vehicle Warranty. If a warranty service under the Nissan New Vehicle Warranty becomes necessary, such service should be performed by the selling dealer, if possible, because of his close interest in your continued satisfaction with your new *DATSUN*.

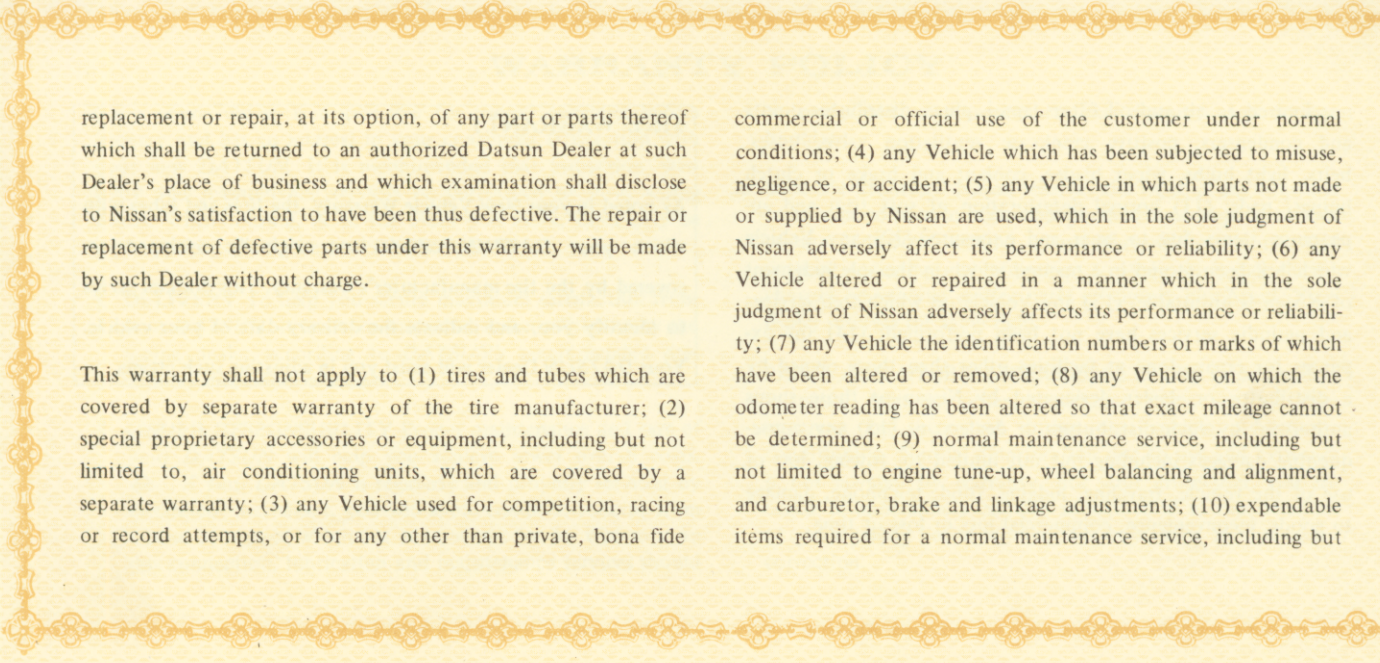

Certain maintenance service recommendations have been prepared and set forth in this booklet and your Owner's Manual to assist you in the proper care and maintenance of your *DATSUN*. If properly followed, these recommendations will be your best guide to many miles of motoring pleasure.

NISSAN NEW VEHICLE WARRANTY

Nissan Motor Corp. in U.S.A. (hereinafter referred to as Nissan) warrants (except as hereinafter provided) each part of each new Datsun vehicle and each part of any accessory or equipment thereon supplied by Nissan and delivered to the original retail purchaser by an authorized Datsun Dealer to be free from defects in material and workmanship according to current industrial standards under normal use and service until such vehicle has been operated for a distance of 12,000 miles or for a period of twelve (12) months from the date of delivery to the original retail purchaser, whichever event shall first occur, and that each such new Datsun vehicle was designed, built and

equipped so as to conform at the time of sale with applicable regulations under the Federal and all State Acts with regard to Automobile Emission Standards and is free from defects in material and workmanship according to current industrial standards which would cause it to fail to conform with those regulations for a period of five (5) years, or 50,000 miles, whichever occurs first, when properly maintained and operated in accordance with the requirements and instructions outlined in the Nissan Warranty and Service Booklet and Owner's Manual.

Nissan's obligation under this warranty is limited to the

replacement or repair, at its option, of any part or parts thereof which shall be returned to an authorized Datsun Dealer at such Dealer's place of business and which examination shall disclose to Nissan's satisfaction to have been thus defective. The repair or replacement of defective parts under this warranty will be made by such Dealer without charge.

This warranty shall not apply to (1) tires and tubes which are covered by separate warranty of the tire manufacturer; (2) special proprietary accessories or equipment, including but not limited to, air conditioning units, which are covered by a separate warranty; (3) any Vehicle used for competition, racing or record attempts, or for any other than private, bona fide

commercial or official use of the customer under normal conditions; (4) any Vehicle which has been subjected to misuse, negligence, or accident; (5) any Vehicle in which parts not made or supplied by Nissan are used, which in the sole judgment of Nissan adversely affect its performance or reliability; (6) any Vehicle altered or repaired in a manner which in the sole judgment of Nissan adversely affects its performance or reliability; (7) any Vehicle the identification numbers or marks of which have been altered or removed; (8) any Vehicle on which the odometer reading has been altered so that exact mileage cannot be determined; (9) normal maintenance service, including but not limited to engine tune-up, wheel balancing and alignment, and carburetor, brake and linkage adjustments; (10) expendable items required for a normal maintenance service, including but

not limited to air and oil filters, spark plugs, distributor points and condensers, positive crankcase ventilation valve, hoses, belts, light bulbs, wiper blades, coolant and brake or clutch linings/ pads; (11) normal deterioration of soft trim and appearance items due to wear and exposure; (12) any Vehicle which has been stored in a manner which in the sole judgment of Nissan is unsuitable; (13) any Vehicle on which free services and periodic services have not been performed; (14) any expenses for repair done at facilities other than those owned by a distributor or dealer designated by Nissan or those shops authorized by such distributors or dealers; or (15) any consequential damages including but not limited to, towing, loss of use of the vehicle, traveling, lodging, food, telephone, damage to goods, inconvenience, commercial loss or loss of time.

TIRE WARRANTY

As noted in your New Vehicle Warranty, the tires and tubes with which your *DATSUN* vehicle was originally equipped are covered by the tire manufacturer's warranty. This booklet serves to identify you, and indicate the delivery date of your vehicle. Your *DATSUN* Dealer will assist you in adjusting such claims.

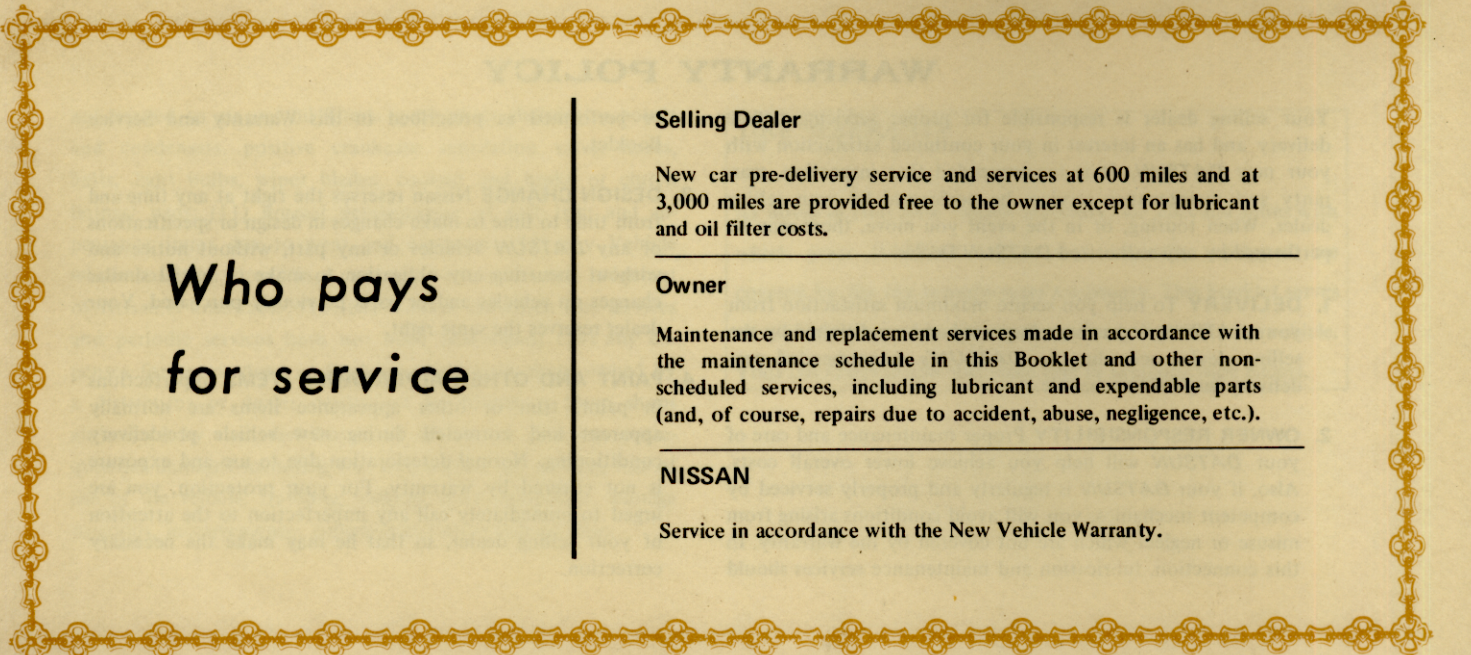

WARRANTY POLICY

Your selling dealer is responsible for proper servicing before delivery and has an interest in your continued satisfaction with your new *DATSUN*. It is recommended that inspection, warranty and maintenance services be performed by your selling dealer. When touring, or in the event you move, these may be performed by any authorized *DATSUN* Dealer.

- 1. DELIVERY** To help you secure maximum satisfaction from your *DATSUN*, it has been inspected and conditioned by the selling dealer according to *DATSUN's* recommended pre-delivery inspection schedule.
- 2. OWNER RESPONSIBILITY** Proper maintenance and care of your *DATSUN* will help you achieve lower overall costs. Also, if your *DATSUN* is regularly and properly serviced by competent mechanics, you will avoid conditions arising from misuse or neglect which are not covered by the Warranty. In this connection, lubrication and maintenance services should

be performed as prescribed in this Warranty and Service Booklet.

- 3. DESIGN CHANGE** Nissan reserves the right at any time and from time to time to make changes in design or specifications of any *DATSUN* vehicles or any part, without notice and without incurring any obligation to make or install similar changes on vehicles and/or parts previously purchased. Your dealer reserves the same right.
- 4. PAINT AND OTHER APPEARANCE ITEMS** Imperfections in paint, trim or other appearance items are normally apparent and corrected during new vehicle pre-delivery conditioning. Normal deterioration due to use and exposure is not covered by warranty. For your protection, you are urged to immediately call any imperfection to the attention of your selling dealer, so that he may make the necessary correction.

**Who pays
for service**

Selling Dealer

New car pre-delivery service and services at 600 miles and at 3,000 miles are provided free to the owner except for lubricant and oil filter costs.

Owner

Maintenance and replacement services made in accordance with the maintenance schedule in this Booklet and other non-scheduled services, including lubricant and expendable parts (and, of course, repairs due to accident, abuse, negligence, etc.).

NISSAN

Service in accordance with the New Vehicle Warranty.

OWNER'S RESPONSIBILITY IN PROTECTING HIS CAR

Normal maintenance services and replacement of service items, such as those described in this and the following pages are the responsibility of the owner and are not covered by the New Vehicle Warranty.

Weather and atmospheric conditions, varying road surfaces, individual driving habits and vehicle usage may require additional maintenance services. To help you get the utmost in satisfaction and extended service from your new *DATSUN*, the principal services and replacement items are herein described.

OWNER MAINTENANCE SERVICE ITEMS

WHEEL ALIGNMENT AND BALANCE are affected by operating conditions such as hitting chuck holes and curbs, rapid starts and stops, tire skidding, etc. Wheel alignment and balancing service contributes to longer tire life and better vehicle handling.

TIRE ROTATION Rapid acceleration, quick stops, car speed and loading affect tire life and can cause uneven wear. All tires should be rotated regularly for uniform wear and maximum life.

BELT ADJUSTMENTS To assure proper performance of belt-driven engine components, all belts should be checked and adjusted periodically.

BRAKE AND CLUTCH ADJUSTMENT Brake and clutch linings are subject to wear from usage depending upon driving conditions and the driving habits of each individual driver. Periodic inspection of brake lining condition and proper adjustment of the clutch are vital for safe operation and extended life.

ENGINE OIL AND FILTER Changing engine oil and filter at recommended intervals is your best investment in prolonged engine life, efficiency and performance.

TRANSMISSION AND DIFFERENTIAL OIL LEVEL CHECK

Extended use and contamination affect oil. To assure efficient operation, transmission and differential should be checked at recommended intervals for correct operating levels.

PERIODIC LUBRICATION To prolong the life of frictionable parts, they should be lubricated periodically.

OWNER SERVICE REPLACEMENT ITEMS

BRAKE AND CLUTCH LININGS/PADS are directly affected by driving habits and use; the replacement of brake and clutch linings/pads and the reconditioning of brake drums/discs should be performed when necessary.

VALVES AND CARBON DEPOSITS A certain degree of carbon buildup is normal in the combustion chambers of any engine, depending upon fuel quality and operating conditions. For best results follow the fuel and oil recommendations in the Owner's Manual.

ENGINE TUNE-UP AND ELECTRICAL SYSTEM CHECKS

Fuel and electrical systems are subject to wear and contamination and require periodic cleaning and adjustments to maintain maximum economy and performance.

SPARK PLUGS, IGNITION POINTS AND CONDENSER are subject to wear and/or contamination. They should be inspected periodically and replaced if necessary for maximum engine performance and economy.

WIPER BLADES Life is dependent upon use and climatic conditions; they should be replaced when necessary.

FILTERS Perform the important function of cleaning air, fuel or oil and should be cleaned or replaced at recommended intervals.

PAINT, CHROME AND TRIM are affected by normal wear and exposure. Proper maintenance and care of these items can add to their appearance and life.

LIGHT BULBS Life is dependent upon use; they should be replaced when necessary. (Sealed beams are an exception and are warrantable.)

SALE OR TRADE OF VEHICLE

When you sell or trade your *DATSUN*, it is important that you deliver the Owner's Manual and Warranty and Service Booklet to the subsequent owner as they will be needed by him to show eligibility for any unexpired warranty protection, and instructions as to operation and maintenance of the vehicle. The subsequent owner should return to your selling dealer for warranty service; however, if this is not practicable, any authorized *DATSUN* Dealer will honor the New Vehicle Warranty.

TRAVELING OR MOVING

Any authorized *DATSUN* Dealer will honor your Warranty in the event you are traveling or take up residence in a new locality.

OWNERS RESPONSIBILITY FOR DOCUMENTATION

The code of Federal Regulations, part 1201 of chapter X11, title 45, provides that the emission system warranty is valid only when the system is maintained in accordance with the manufacture's maintenance instructions. Accordingly, records in the form of receipts, invoices or signed warranty coupons must be maintained as proof of compliance.

For your convenience, your warranty coupons have been designed to incorporate the signature of your authorized Datsun dealer upon completion of the required maintenance service. This signed coupon is proof of compliance and can be kept in the glove box.

All receipts, along with the warranty booklet should be transferred to each subsequent owner of the vehicle.

CHANGE OF ADDRESS AND SUBSEQUENT OWNERSHIP REGISTRATION

TO THE OWNER WHOSE ADDRESS HAS BEEN CHANGED

If your address has been changed, be sure to complete and mail the post card provided on the opposite side of this page.

TO SUBSEQUENT DATSUN OWNER

If you have become a subsequent *DATSUN* vehicle owner before the expiration of its original warranty, you are entitled to the un-expired portion of the warranty.

Please be sure to complete and mail the post card provided together with the Owner Identification card of the previous owner.

TO OWNERS FOR OTHER SITUATIONS

Such as a Name Correction. Please complete and mail the post card provided.

Be sure to indicate the Vehicle Serial Number which is located on the Driver's side of the dashboard or inside of the engine compartment.

Such notification is necessary for your own safety even after expiration of the original warranty to place Nissan in a position to pass important information to you as required by federal and other acts.
